

Japan has it all, rich in culture,
history and deep in powder snow!

Dear

As we celebrate the recent snowfalls throughout the Australian Alps, it is a little hard to comprehend the 8-16 metres of snow that falls over the Japanese resorts annually.

It is something like you have never experienced before. It's phenomenal. Powder snow, waist deep. It is something for the bucket list and once you try it, you will want to keep going back for more!

Our team of travel professionals can assist with all things snow in Japan, contact them today PH: **1300 305 451** (within Australia), +61 2 9525 9774 (international), [submit an enquiry](#) or visit
