Dear

We knew it! Japan has been voted as the best skiing destination.

In the 2017 International Traveller Magazine's Readers' Choice Awards, voters rated Japan as their #1 skiing destination. We know exactly why voters raved about Japan's powder snow, culture and food.

Now is the time for you to see for yourself why so many international travellers have voted Japan above many other resorts as their favourite skiing destination.

Our team of travel professionals know exactly where the best powder spots are, which are the best restaurant & bars plus where to visit to experience that true Japanese culture so call them today on **1300 305 451** (within Australia) or visit
